

Rambir Full Stack Developer

r9896633156@gmail.com

+91 9896633156

Mohali, Punjab, India (160071)

Profile

Experienced Full Stack Developer skilled in PHP, Vue.js, Angular.js, and database management. Expertise in building efficient back-end solutions, dynamic user interfaces, and ensuring seamless data operations. Thrives in collaborative environments, delivering solutions aligned with user needs and business goals.

Education

2015/08 – 2018/08
Hisar, India

Diploma in Computer Engineering
Govt. Polytechnic, Hisar

Professional Experience

2019/01 – 2020/07
Mohali, India

PHP Developer

WebUtopian Technologies

- Built scalable PHP-based E-Commerce platforms with robust backend functionalities for seamless transactions and inventory management.
- Customized portfolio websites using PHP frameworks, ensuring high-performance, user-friendly interfaces, and responsive designs.
- Collaborated on integrating payment gateways, optimizing site performance, and resolving technical issues for large-scale web applications.

2020/07 – 2021/08
Mohali, India

Full Stack Developer

SnakeScript Solutions LLP.

- Gained experience in front-end technologies on top of my existing skills. Created and managed products based on PHP.
- Managed databases for large-scale E-Commerce projects with huge amounts of data.
- Worked on Real-Estate portfolio projects that majorly incorporated front-end technologies (Vue.Js & Angular.Js)

2022/08 – present
Hisar, India

Full Stack Developer

Techquad Pvt. Ltd.

- Currently working on developing and maintaining a large-scale E-commerce product along with a team of experienced professionals in the domain.
- Working individually on development of a Translation SaaS B2B product using Laravel and Google Vertex AI.
- Mentoring and guide junior developers, maintaining a collaborative environment and sharing expertise to help elevate team capabilities and productivity.

Projects

Ed-Tech Online Education Services

- **Comprehensive Online Education:** India-based company offering tailored online courses for various exams, including IELTS, PTE, and TOEFL.
- **Robust Tech Stack:** Developed using PHP (WordPress) for content management and Vue.js for a dynamic and responsive user interface.
- **Student-Centric Approach:** Focuses on providing engaging learning experiences to enhance exam preparation and student success.

Yard Sign Plus

- **Custom Yard Sign Platform:** Ecommerce site for personalized yard signs with flexible design options and quick delivery.
- **Modern Tech Stack:** Built with React, Symfony backend, Docker, and AWS for seamless performance and scalability.
- **Optimized Database:** MySQL integration for efficient, secure data management and quick access.

SaaS B2B Document Management Rapidocs

- **AI-Driven Document Conversion:** Developed using Laravel, Rapidocs leverages Google Vertex AI to convert various files and documents directly into text for easy access.
- **Comprehensive Security Protocols:** Implements extensive security measures to ensure the privacy and protection of sensitive information during the translation process.
- **Scalable and Efficient Solutions:** Designed to meet the needs of growing businesses, offering a scalable approach to document processing and management.
